WHAT IS PLAYGROUND? *An invitation to mix and match. A broad palette of inspirations to set the stage for your cuisine in uniquely different and exciting ways. Enjoy! An overview of all articles on this page can be found on page 90.*

Restaurant guests around the world now whip out their mobile phones as soon as their food arrives. At least if the plate's culinary presentation is aesthetically pleasing and inventive enough to reap new "likes" on social media! This is surely a strong incentive for chefs to enjoy some creative experimentation, staging their culinary ideas in a manner that is even more captivating and appealing to the camera lens.

The new table trends for staging your ideas

This is where PLAYGROUND comes into the picture! Join in with the latest trends and be Instagram-ready with cool items and accessories, designed exclusively and sourced from around the world. Used as a solo piece or as an exciting addition to porcelain.

Black Magic

When night falls, our eyes, ears and sense of touch are in a state of alert. The darkness hones our senses, sharpens alertness, generates curiosity. Daring chefs discover this goose bump effect with their striking new creations. Presentation surfaces which are black or darkly-coloured highlight reduced colour compositions. Those feeling very courageous take black magic to extremes, experimenting with black food on black stoneware.

INDUSTRIAL STYLE

A cool, cast-iron look – that's what COAST & COUNTRY is all about. The serrated plateau acts as a lid or as a small plate. A service-friendly highlight: both the oval platter and the round plate include a central bar, making sure that the bowls and plateaus made of stoneware or wood sit nicely on top. For total flexibility, 2in1 combines a minimalist design with an innovative dual function: glazed on both sides, this plate can be used as a flat or a deep plate, depending on which side you have facing upwards.

PLAYGROUND

Can plates ever be erotic? With a fiery red glaze and seductive charcoal-coloured tones, GLOW confidently proves that there should be no question about it. The exceptionally thick body underlines the statement of power. Perhaps a touch of 70s vintage or even Asian influence? Every item is unique.

SPOTS ON!

The speckled glaze of these NARA plates brings to mind the fine pattern of quail eggs: also the slightly uneven surface is influenced by nature.

***Black Beauty:** Classy ORIGIN stoneware masters the art of understatement. A small stylistic extravagance can be seen in the subtle curve on its rim. The dark glaze complements every food presentation with a silk-matt sheen.*

Separate Ways

SEPARATE WAYS. The new COAST & COUNTRY stoneware plate in cast iron-look results in absolute clarity. The integrated bar visually separates different foods from each other, as well as preventing sauce or jus from spreading across the plate.

THE DARK SIDE OF THE MOON

The simple design of NARA plate in black inspires new perspectives. A great idea! With elevated draining grills, COAST & COUNTRY makes every barbecue an experience to get your teeth into. Grilled and fried food stays crispy for longer, as does the breadcrumb coating on the schnitzel. Yet there is still plenty of surface area to cut as usual.

With its irregular, extensive relief structure, BRUSH captures hearts by storm. Its simple beauty results from the use of coloured masses, available in three different earth tones. An ideal starting point for exciting creations.

BLACK IS BACK: COAST & COUNTRY

bowls, with their laid-back finish, reflect the current trend for casual meals in bowls with cool elegance. The simple design of the bowls enables a variety of combinations.

THE LITTLE BLACK NUMBER

The sleek and textured handleless mugs from the successful NARA range provide a modern take on the little black pick-me-up. Newcomers to the range are the small espresso cup and the simple saucer which, with its distinctive rim, creates the illusion that the mug is suspended in mid-air.

HUNTERS & GATHERERS

A counter-reaction to increasing urbanisation is the yearning for a simple, natural life. Modern hunters and gatherers in the kitchens worldwide are exchanging exotic delicacies for more familiar produce from fields, forests and meadows. Roasted pine cones, deep-fried lichens and dried mushrooms inspire the chefs, as do roots, berries and herbs to accompany freshly-caught trout from the nearby river.

An overview of the articles in this chapter can be found from page 94 onwards.

HOME SOIL

The serving board of acacia wood, with its nostalgic air and softly curved edge, conveys a sense of homely comfort. Nettle soup is served in glass jars that are reminiscent of traditional preservation methods.

A COUNTRY OUTING

The charming MIDSUMMER collection, made of beige-brown stoneware, looks like hand-made pottery. The artisanal appearance of the plates and bowls intentionally celebrates small blemishes and flaws.

DOWN UNDER

In the garden and by the wayside there are traditional fruit and vegetable varieties to discover that had, before now, fallen into oblivion. A striking contrast to this rural charm: the cool clarity of the 2in1 collection. The stoneware is crafted like handmade pottery and displays a staggering level of versatility, since it can be used in two ways – for example, as either a bowl or a plateau plate.

FRESH FROM THE BUSH

For delicious nibbles, old and new varieties are presented with their panicles. Served in a 2in1 Bowl or on the glazed lower surface. Marble is back: The small cruet stand presents the ancients' favourite stone together with wood.

Fields, forests and meadows

Freedom for the more sophisticated. Once you have overcome your initial reluctance to freely combine very different items, materials, colours and shapes, PLAYGROUND opens up a new, exciting world. And elegant white porcelain also makes its statement in this cheerful mix.

INTERESTING PAIRS

The Gourmet Bowl made of oak with a marble lid gives even simple dishes a touch of class. PLAYGROUND makes use of coconut shells as natural bowls. Unique pieces, as nature created them. Combined here with the NARA stoneware platter.

HANDS ON

The surface of CARVED appears to be roughly chiseled. The artisanal elegance of these striking stoneware plates with their silk-matt, dark brown glaze makes them the perfect foundation for honest meals.

Designed exclusively for PLAYGROUND

Deceptively spacious: The ANANTI menage in size XL offers space for various possible uses. Pictured here with a marble platter and a stoneware rice bowl: on the outside are iridescent shades of brown, while the inside boasts a craquelé glaze in vibrant turquoise. A fine addition: the new hardwood chopsticks.

**AN ELEGANT FRAMEWORK
FOR A SIMPLE DISH**

Plainly speaking: the NARA stoneware plate with its black, shimmering glaze, combined with glossy stainless steel. The LOFT wooden presenters in walnut reference the simplicity of the traditional shaker style. They display exciting material combinations: stainless steel bowls with a hammered surface, vinegar and oil in glass bottles.

DELICATE BEAUTIES

Fine vases made of borosilicate glass, grounded by a base made of felt. Happy without a handle: NARA stoneware mugs and new espresso cups in relief and with a smooth design – available in different colours. Feel free to mix and match!

MODERN RUSTICITY

Freshly-brewed herbal tea is the perfect accompaniment to a meal. The warm appearance of the wooden teapot warmer complements the coolness of the stylish cast-iron teapot and the hand-crafted look and feel of the mugs of MIDSUMMER.

Off to the Countryside

OFF TO THE COUNTRYSIDE

A rural breakfast. An appetising spread, as if randomly gathered at a buffet. A casual combination of wood, glass and white porcelain. Fresh, natural ingredients. The delicate LOFT presenters are made of oak and evoke the familiar simplicity of the shaker era into a modern design. Stylishly simple carafes and stackable bowls made of heat-resistant borosilicate glass draw our attention to the effortlessness of the arrangement. Bread bags made of sustainable, natural material in a timeless shade of charcoal create a casual feel.

COLLECTIVE JOY

The sheer simplicity and natural colours of 2in1 set the stage for berries and leaves from the forest and the garden. A blissful contrast to creamy burrata.

HARVEST FESTIVAL

Fresh from the vegetable patch: roots, herbs and berries are exhibited with leaves and stems. The stages: CARVED stoneware. Stackable glass bowls on terrazzo tile. Unique stonebowls, each hand-carved or the STELLA stoneware plate with relief.

Designed

PLAYGROUND

Keep it simple. NARA bowls incorporate the characteristic relief of the platters on their outer edge.

NATURAL WONDERS

The simple, oval stoneware platters of MIDSUMMER provide plenty of space for casual arrangements. Small glass plates of various sizes, reminiscent of Petri dishes, invite chefs to indulge in a spot of culinary experimentation, using natural ingredients in their kitchen laboratory.

GROUNDEDNESS

Coloured stoneware in two earth tones, brown and grey, brings to light the natural origin of the ingredients. The NARA plates, with their trendy craquelé glazes, inspire mouth-watering presentations.

Native fish, from sustainable farming or caught in the wild. COAST & COUNTRY gives any fisherman's prize a striking appearance. Make a good catch!

Show Cooking

The line between kitchen and dining room becomes blurred. Artisanal preparation – that is to say, cooking, frying, stewing – becomes a visual spectacle for all guests to see. Bowls, pots and pans used as allrounders are now to be found on tables all around the world. Thanks to the comforting curvature of the serving dishes made of stoneware, cast iron, glass or terracotta, you can enjoy moments of pure culinary bliss from fresh, homemade-style meals. The knives stay in the drawer.

An overview of the articles in this chapter can be found from page 102 onwards.

A new role for the kitchen staff

44

PLAYGROUND

A NEW ROLE FOR KITCHEN STAFF

One-pot dishes, casseroles, traditional stews and colourful salads create a sense of familiarity and security, meaning that you can relax whilst enjoying your food. The small pan made from solid cast iron speaks of traditional oven cooking and old recipes. Matching stoneware items in cast iron-look: ORIGIN bowl, gourmet carafe and NARA mug. Combine with the softly curved wooden serving board for a homely feel.

Bowls are the new plates. Originally used in Asian soup kitchens, they became popular in all styles of international cuisine. They demand a different form of presentation, either layered, crowded together or neatly arranged. Hand-made freshness is the focus. Here in stoneware bowls of NARA and SEA.

EYE-CATCHER WITH A THERMAL EFFECT

These double-walled pots made of borosilicate glass allow you to see the food inside them whilst also keeping it warm or cold. Particularly appetising: The large surface area of the MIDSUMMER stoneware bowl, which has the effect of hand-made pottery, creates space for generous culinary presentation.

Greetings from the Kitchen

GREETINGS FROM THE KITCHEN. A charming stoneware cocotte with a silk-matt glaze. The clear design creates a harmonious flair without retro kitsch. Served on an ANANTI oak menage. Instead of bread and butter plates: a bright terrazzo platter.

Old recipes, modern look: A cocotte made of silk-matt black stoneware with coloured lids to add a creative element of surprise. In addition: NARA with an exciting effect glaze.

Storytelling

52

PLAYGROUND

Do play with your food! This is food art in the Instagram age. The chef transforms into an entertainer, delighting their guests with fascinating magic. The benchmark for the chef's creativity is not only set by the recipes, but also by their storytelling talent in the culinary designs. Fairy tales, comedies, romances or dramas. The imagination knows no boundaries. PLAYGROUND provides culinary magicians with Oscar-worthy props.

CIRCUS OF THE IMAGINATION

Candyfloss served in a mini terracotta flowerpot.
PLAYGROUND encourages your guest to discover their inner child.
An enticing offering for anyone with a sweet tooth.

The stoneware plate 2in1 becomes a puristic framework for experimental theatre. Both the top and the bottom serve as identical glazed presentation surfaces.

BIG PICTURE

A real thrill! Directed by the chef. The backdrop: BRUSH. The fine relief structure of the stoneware in delicate grey becomes the projection screen for wild fantasies. A surefire blockbuster.

IN THE EMPIRE OF THE DWARFS

The NARA espresso cups turn into mushrooms. The lids: small bread rolls. The perfect cast for serving soups. A magical worldview, presented on a narrow wooden tray with recesses. Welcome to the magic forest!

"Smokers Lounge"

The curtain rises: a work of art is unveiled. Glamorously exhibited on a raised dining terrace: a gourmet bowl made from oak with a marble lid, and an elegant glass cloche.

POETIC SCENES

Chuckling guaranteed. Some creative ideas can be brought to life with minimal effort. The speckled NARA plate with its charcoal-coloured glaze becomes an irresistible, sought-after item.

"Do you want to build a snowman?"

LAYGROUND

ANANTI oak menage combined with NARA stoneware. Skilfully paired with leather placemats in natural shades.

NEW MOVES

PLAYGROUND elements can be easily combined with your existing range of tableware. Nothing is impossible: glass, terracotta or stainless steel blend with porcelain for a harmonious coexistence.

SHOW-STOPPING PRESENTATION

The stylish marble plateaus are a literal interpretation of refined elegance. Placemats with a croco-look made from recycled leather. The playful juxtaposition of black and white puts culinary art centre stage.

Fashion comes from the street. The same goes for some food trends. The avant-garde exhibit their ideas street food-style – e.g. in tin cans.

"Melting Point"

Snack Attack

Long misjudged as unregulated fare consisting of chocolate bars, chips and other junk food, now light snacks are successfully creeping back into the picture. The new mini-portions are not only sophisticated, healthy and perfect for when you want just a little taste – they also allow the guest to individually tailor their serving size and choose how and when they wish to satisfy their appetite. This results in greater flexibility and sustainability, since it avoids sad leftovers on the plate.

YouTube for chefs: homemade mousse or butter served in aluminium tubes. Easy to fill via the open rear end.

An overview of the articles in this chapter can be found from page 106 onwards.

It's a Mini!

International cuisine fares well in this trend of healthy snacking, e.g. samosas, delicious dumplings from India. Originally presented in an oak rolling pin which has a flat base to keep it sturdy.

SNACK ME IF YOU WANT

A striking setting for tasty regional snacks: a plate made from acacia wood and small stainless steel pots. Recycling reloaded: serving antipasti in wine bottles, halved with a special technique. The edges were carefully smoothed over and the bottom flattened.

Very casual: The individual elements of the Amuse Tower can also be used separately. Ideal for the simple presentation of bar food.

TAVOLINI – "small tables" for mouth-watering delicacies: the pedestal bowl and plate add a completely new dimension to the classic etagere. Downsizing at its best!

The finely-textured BRUSH platform, with its exceptionally modest design, allows sweet treats to take centre stage.

Second life: Wine bottles are reincarnated as stylish lanterns and drinking glasses. For atmospheric moments, inside and out.

RUSTIC PRESENTATION

Fresh juices or smoothies. Presented in simple glass carafes in an uncomplicated fashion. Stone Age: the natural stones, picked and carved by hand, invite you to take your pick.

The radial relief of the soft grey STELLA stoneware plate quite literally makes beautiful appetizers the centre of attention.

Exciting contrasts: ANANTI menages enhanced with dark terrazzo. Warm accents: wooden cutlery and a turquoise stoneware rice spoon.

PURE PATCHWORK

ANANTI menage and a crumb grid. Carefully positioned next to these: terrazzo platters laden with appetizing nibbles. Other snacks in NARA and glass bowls. Voilà!

AWAY WITH PLASTIC

These stylishly pure disposables are made from sustainable raw materials and are 100 % biodegradable. An ecological solution for modern street food cuisine and catered events. Thanks to the aesthetic design, it can also be combined with durable materials.

STREETFOOD-STYLE SNACKING

Many international menus feature ideas inspired by street food. Crispy churros, casually presented in a “french fries box” made of stainless steel. And as a delicious accompaniment: sweet sauces served in MIDSUMMER dip dishes and a refreshing drink in a modern glass carafe.

The colours of the sea: The stone-ware collection SEA is reminiscent of deep blue water, golden beaches and brown rock.

FANCY A BITE?

No movement has shaken up the international gastro scene like the sharing trend. Be it at a gourmet temple or a rooftop bar, you'll be treated to a delightful variety of sharing possibilities. Indeed, the recent increase in snacking is continuing to contribute to this trend. The motto: everyone at the table should have access to small portions which are appetizing and originally presented.

Dining experiences in miniature: The lids of the cocotte are used as little serving plates, complementing each other in different colours. A grounded presentation: TERRA stoneware in an earthy glaze offers a new approach to simple Asian cuisine.

SWEET MEMORIES OF CHILDHOOD

The scent of freshly baked goods. The aroma of home comfort and security. PLAYGROUND unleashes positive associations: A small springform made of tinplate grabs one's attention as a striking way of serving.

CREATING CONTRASTS

It doesn't always have to be stainless steel: cutlery and bowls made from fine woods, used as a warm contrast to the cool, puristic austerity of white porcelain. NARA stoneware mugs are available in many colours, and you can also choose between a relief or a smooth design. Just mix and match! But first... coffee: slow coffee maker with filter.

DIFFERENT LAYERS

A sustainable statement: 100 % recycled leather placemats and vegan artificial leather placemats are available in a variety of colours and textures. They elegantly emphasise the features of every style and blend in with all materials or form of presentation. Exceptionally strong, reusable borosilicate glass straws. Ideal for both: real taste and your conscience.

CAST IRON

Pots and pans made of cast iron are suitable for all kinds of ovens except for microwave. Never place hot items directly onto unprotected surfaces.

Uncoated pots and pans

Rapeseed oil has been used in the firing process of this kind of material. In order to avoid corrosion, cast iron products should always be slightly greased with cooking oil. Before using it for the first time, rinse the cast iron products under clean running water. Used items should be cleaned with hot water only – do not use dishwashing liquids. Recommendation: Clean the rustic pots and pans with paper towels only.

To remove burnt food particles a “peeling” can be done from time to time by rubbing 2 tablespoons of salt with a dry tea towel.

Enameled cookware

can be cleaned in the dishwasher, if necessary. There is no need to grease these products before storing, but make sure that they are dried properly.

Teapots made of cast iron

Before using it for the first time, rinse the teapot thoroughly several times with warm water.

Heat the teapot only if it is filled by at least two thirds.

Cast iron teapots are suitable for all ovens and cookers except for gas cookers. By no means may it be heated in a microwave. Having used the teapot, please rinse it with warm water only. It is not dishwasher safe! Do not use any abrasive sponges or similar devices.

CONCRETE

The concrete bridge of the condiment server is neither dishwasher-safe nor suitable for the oven or the microwave. Cleaning by hand using a pH-neutral detergent and warm water is recommended.

Please be aware that despite a coating concrete has a porous surface. Contact with oil-based and high-acid foods may cause stains and can affect the surface of the product. Also when placing coloring foods such as saffron or curry on the marble, discoloration may occur which can not be removed.

DISPOSABLES

Aluminium tubes

Our aluminium tubes are manufactured in a pharmaceutical production facility, meaning that they are produced and packed under strict hygienic conditions. The cap is sealed with an aluminium membrane which serves to protect the filling until it is opened. The

piercing spike, which is incorporated into the screw cap, ensures hygienic opening of the tubes. The tubes are filled via the open rear end. The fill level should not exceed two-thirds of the tube in order to allow subsequent folding of the end.

Sugar cane

The presented disposables consist of 70% sugar cane and 30% FSC wood cellulose, and are completely biodegradable, ecological and sustainable.

Coconut

Coconut is a natural, very hard and robust material. As a natural product, the dimensions and colour shades are never the same and can vary. The products are sustainable and environmentally friendly.

FELT

The felt used as a stand for the presented vases is an industrial felt and is not intended to come into contact with food. It is for decoration purposes only. Should it become dirty, it can be wiped with a damp cloth or vacuumed with a hand-held vacuum cleaner. As felt is a natural product, slight colour variations may occur.

GLASS

All glass items are dishwasher safe and – after removing metal holders – microwave safe.

The glass straws can also be cleaned by hand with a cleaning brush, as offered in the Playground range. The glass straws are resistant to temperatures from –50°C to 150°C.

LEATHER (ARTIFICIAL)

Artificial leather is an industrially manufactured combination of textile fabrics, plastics and plasticizers. Although this mixture makes it more durable and easier to care for than it is for natural leather, it can crack or fade if handled improperly.

Simply clean the placemats LAV with a mild detergent on a damp cloth.

Then wipe off and rub dry. Please do not use detergents containing alcohol or oil! Artificial leather is not suitable for the dishwasher.

LEATHER (RECYCLED)

Placemats DUMBO, EMU and GATOR are made of recycled leather (85%) and natural rubber (15%). They can easily be cleaned using a damp cloth and a mild detergent. Simply wipe off and polish it dry. Please note that they are not dishwasher safe!

This robust and durable natural material is water repellent, scratch resistant, light and colorfast as well as heat resistant up to 80°C.

MARBLE

As marble is a natural product, deviations in structure and color are possible.

Items made of marble are not dishwasher safe and may not be used in the microwave or oven.

Please clean these items by using pH-neutral detergents and warm water only. Be aware that prolonged contact with high-acid food (particularly citric acid or fruit acid) can affect the surface of the marble product.

NATURAL STONE

The natural stone is a complete untreated natural product, which can lead to deviations in color, structure and size.

The natural stones have a porous surface and therefore stains (esp. grease) are difficult to remove. Be aware that prolonged contact with high-acid and greasy food (particularly citric acid or fruit acid) can affect the surface of the stone.

Please clean these stones by using a damp cloth and pH-neutral detergents. To maintain a long-term good look, natural stones may be treated with cooking oil from time to time.

SLATE

Slate as a natural product can have slight variations in color, structure and size, which are unavoidable due to the material's characteristics.

Slate is not oven-proof, dishwasher-safe or microwave-safe.

Please clean these items by using a damp cloth and pH-neutral detergents only. Please do not use abrasive cleansers / scouring sponges, as the slate surface might be attacked or scratched. Note that it is difficult to remove stains (esp. grease) from natural slate. To maintain a long-term good look, slate may be treated with cooking oil from time to time. Be aware that prolonged contact with high-acid food (particularly citric acid or fruit acid) can affect the surface of the slate item.

Please note that slate products chip easily, which can result in sharp edges. Therefore please use slate products with utmost care.

STAINLESS STEEL

All PLAYGROUND articles made of stainless steel are dishwasher-safe.

Burnt food residues can be removed easily from the inside or the bottom of the articles with the abrasive side of a cleaning sponge. Do not use steel wool for cleaning.

In general, stainless steel products should not be stored in a damp environment for a longer period of time.

Do not use these articles in a microwave oven.

Serving baskets are for food presentation only – do not use them in a deep fryer.

PVD-coated stainless steel bowls can be cleaned in the dishwasher. Do not use abrasives when cleaning by hand, as these will leave scratches on the surface. Fingerprints can become visible on the surface when the product is in use. These can be removed with a silver cleaning cloth; alternatively, use hot water and rub with a dry cloth.

STONEWARE

Within our assortment PLAYGROUND, all articles made of stoneware are dishwasher-safe, heat-resistant, suitable for microwave and freezer.

Due to the surface texture of some stoneware products, metal marking can occur. This metal marking can easily be removed with an appropriate cleanser and does not impact functionality and hygiene in any way.

TERRACOTTA

The offered articles made of terracotta can be used in the oven, the microwave and the dishwasher.

After cleaning please dry the items completely and store them in a well-ventilated and dry place.

Please avoid high temperature differences and do not place hot terracotta products on cold surfaces.

TERRAZZO

Terrazzo is a material made of white cement with natural stone chips. Therefore each platter is unique and slight color variations can occur.

The offered terrazzo platters should not be used in the dishwasher, the microwave or the oven. For cleaning, please use a pH-neutral detergent and warm water. Be aware that prolonged contact with high-acid food (particularly citric acid or fruit acid) can affect the surface. Also when placing coloring foods such as saffron or curry on the terrazzo, discoloration may occur which can not be removed.

TEXTILE

The presented bread-paperbags are made of sustainably generated natural materials. The material is a mixture of cellulose and latex and can be washed in the washing machine at 30°C. The product is tear-proof, durable and can be ironed at suitable temperatures, if required.

TINPLATE

The tinplate mini springform is not suitable for the microwave or the dishwasher, but can be used for baking in the oven.

For cleaning, please use a pH-neutral detergent, a soft sponge and warm water. In general, tinplate products should not be stored in a damp environment for a longer period of time. Please dry them immediately after cleaning.

WOOD

Wood is a natural product, whose shades of color can vary.

All wooden articles of our PLAYGROUND collection are neither dishwasher- nor microwave-safe. Please clean the wooden items with a damp cloth only.

Our wooden articles are properly sealed with a food-safe oil. If necessary, linseed oil can be used for a retreatment.

Products made of bamboo can be cleaned in mild, warm soapy water.
